

Power Clean

Ever need to clean an engine or other oily parts with a brilliant, quickly-acting degreaser? Then Power Clean is for you. This spray is mainly for metal surfaces, just spray it on and it drips off before your very eyes. 100% evaporation. Amazing product and loved by our mechanical customers.

The product removes brake dust, tar, under seal, grease and various types of wax. The aerosol can is available in the 500 ml and very economical 750 ml sizes.

Method of use:

Spray the product on the area to be cleaned and allow to work in for a while. Spray again to remove the dirt.

Cleaning applications:

- Metal parts for welding.
- Removal of tar, underseal, grease and various types of wax.
- Brake systems, engine parts, clutch plates.
- Carburettor parts, electronics.
- Machinery, conveyors.
- Safe to use on aluminium.
- Exits the can in a very powerful spray, highly suited to difficult-to-access places.
- Leaves no residues behind.
